EMEA & India Agenda

11:00 AM CEST · Pre-Show: Host Introduction & Setting the Stage (5 min)

11:05 AM CEST

Opening Keynote

The Agentic AI Imperative: Why 2026 Is Procurement's Most Consequential Inflection Point

Aatish Dedhia · Founder & CEO, Zycus

Agentic AI is not coming — it is already in production. Aatish sets the scene for why 2026 marks a once-in-a-generation inflection point for procurement, what Zycus's 20+ years of building towards this moment makes possible, and why the leaders who act now will define the new benchmark.

Research Session · First Public Reveal

Don't Delegate AI: What Forrester's Research Tells CPOs About Owning the AI Agenda

Jeffrey Rajamani · Senior Analyst, Forrester

The first public presentation of Forrester's Don't Delegate AI report — commissioned by Zycus. The data-backed case for why enterprises that hand AI strategy to IT or vendors face a measurable value gap, and what CPO-led AI ownership looks like in practice.

12:15 AM CEST

Thought Leadership

Five Ways Procurement AI Fails — and the One Architecture That Doesn't

Omid Ghamami · President, PSCM

A practitioner-grounded analysis of the most common patterns of AI failure in procurement — from fragmented point solutions to governance gaps — and the single architectural principle that separates deployments that scale from those that stall.

 **20 min**

12:35 AM CEST

Platform Demo

Merlin Agentic Platform: Intake Orchestration, Autonomous Negotiation & Agentic Sourcing

Pridhvi Kare & Shiv Agarwal · Zycus Product Team

A live walkthrough of the Merlin Agentic Platform — intelligent intake orchestration, autonomous tail spend negotiation, and Agentic Sourcing. Includes human-in-the-loop controls, policy guardrails, and audit trail.
